

TONY DAYSOG

Occupation: Urban Planner/Alameda City Councilmember

Age: 50

My qualifications and education are: “Think positive: plan ahead.” That’s the motto that describes my term on City Council. I am running for re-election to continue bringing City Hall and our community together, to keep us on the same page. If we stay positive, plan ahead, and work together, we can accomplish so much. Indeed, these past four years we finally selected a developer to start a key part of Alameda Point (“Site A”), in a mixed-use project that focuses on job-creation and has a three-pronged mass transit strategy. We adopted Rent Ordinance #3148 to stop excessive rent increases. I take pride in listening to and working closely with residents on a range of issues, including working with Harbor Bay, Fernside and West End residents to protect our city from the increase in airport noise due to the FAA’s “NextGEN.” What aids me in working with residents and City Hall is the fact that I am an urban planner by profession, with a Master’s degree in city planning from UC Berkeley. And, I love Alameda. The Farmers’ Market is literally in front of my house, so, if re-elected, you can shop for farm-fresh produce and chat with your Councilman. <http://www.daysog.com>
