# INTRODUCTION TO SCHOOL DISTRICTS ANNUAL STATISTICAL REPORT 2008-09

The Alameda County Office of Education is an intermediate public education agency serving the local school districts. One of its responsibilities is the dissemination of information. The data contained in this report has been compiled from various state and county reports. It has been developed to assist school districts in their financial planning and to provide basic information for use by the general public.

Alameda County contains 18 school districts grades K-12; with 17 unified districts and one elementary district. Other local educational agencies include four regional occupational centers/programs (ROC/Ps) operated under joint powers agreements (JPAs), three community college districts, and the Alameda County Office of Education.

By studying the Financial Statistical Reports from year to year, it is possible to determine trends in financial activities that have developed over a period of time, and to project future trends. It is a valuable resource regarding the financial and statistical aspects of the school districts in Alameda County. The financial data contained herein should be viewed in the total context of the school districts.
